WOODBOURN

ANGUS

Offering 42 bulls

Welcome to the 2014 Woodbourn Angus Sale.

It is exciting to present this quality draft of bulls. They are as outstanding as we had hoped from all the careful and expensive selection of senior sires over the last number of years. I ask that you come and view this year's offering for yourself, you will not be disappointed. On that note, I know many of you have been looking forward to seeing the progeny of Texas Dynamite E139, the \$30,000 bull we bought in 2011.

"They have finally arrived!"

This year there are 12 sons of the
\$30,000 bull, Texas Dynamite E139
in the April 15 Woodbourn Angus Sale.

*At every weighing, inspecting and agent bull selecting,
they have been a standout.*

We aim to present bulls in the best possible shape we can, not fat, but fit to work, and to grow on and with their structure, temperament and Breedplan EBV's as they should be, with moderate birth, good growth, milk and carcass (especially high EMA). They have been through an extensive regime of weighing from birth, scanning, ear notching to ensure no BVDV PI's, tail hair testing for DNA profile, inoculations against BVDV, Leptospirosis, Vibriosis, 7-in-1, vet examinations and semen testing. So, as I said, our Woodbourn bulls are presented for sale in the best possible condition, and with all the best assurances and guarantees.

While Breedplan is a valuable objective measurement to aid in selection, we recommend visual appraisal to make a final decision. Not all bulls suit everyone and assessing a bull visually as well as evaluating his figures gives balance to any decision made. That is the principal we work on at Woodbourn. Any sire we introduce must visually fit our program as well as have EBV's to take us another step forward.

So, in conclusion, please come to see this year's offering at Woodbourn on the Open Day, Sunday the 13th April from 1.00pm until 4pm, with feet inspection on gravel at 4pm and of course, Janet, Lauchie, Sarah and I look forward to seeing you on sale day, Tuesday 15th April at 10.45am.

Charles Wallace

WOODBOURN SALE NOTES

GUARANTEE

All bulls are guaranteed. In the unlikely event of a bull becoming infertile or incapable of natural service, the vendor will offer to supply a suitable replacement, as quickly possible, if available, or credit the purchase price, less salvage value of the bull, to be used at the next sale, on one animal. This is on the provision that the problem was not caused by injury or disease contracted after delivery. The guarantee covers the purchase price of the bull, less salvage, without interest, costs or damages. Any claim must be accompanied by a relevant veterinary certificate.

Insurance is your responsibility.

REMEMBER: "If it's our problem, we fix it".

We strongly recommend that you observe your new bull when he is first introduced to the cows and if you have any concerns, please do not hesitate to contact us.

HEALTH

All bulls offered in this sale:

- Have passed a thorough veterinary examination by Dr Paul Nilon, for structural soundness, especially feet and gait. External and internal reproductive organs were assessed and deemed normal. Testicular tone and scrotal circumference were assessed/measured and deemed normal.
- Have passed a semen test involving assessment of semen motility and sperm morphology.
- Have been vaccinated 7-in-1 and inoculated against BVDV, Leptospirosis, and Vibriosis.
- are part of the Zoetis Star Program guarantee to ensure the highest possible standards of health, see page 6.
- Have been ear notched and tested for BVDV. No PI's in the sale.
- Are part of the Johnes Disease Market Assurance Program and are monitored negative, MN3 status. MN3 Certificate No: TB6.99.02
- Genetic abnormalities. The status of AM, NH, and CA and DD is stated on each lot. Further test results for those still displaying a small percentage will be detailed on the supplementary sheet on sale day.

INSPECTIONS

Sale cattle will be available for inspection from 1pm until 4pm on Sunday 13th April and from 9.30am on sale day, Tuesday 15th April 2014. Foot inspections on the gravel at 4pm on the Sunday 13th April. Inspection prior to the sale may be arranged with the vendor.

GROUP BREEDPLAN

All bulls have been weighed at birth and the milestones dates that follow, have been scanned for carcase data and Group Breedplan evaluated for Birth weight, Milk, Growth and Carcase traits.

SUPPLEMENTARY SHEETS

Weights will be available on sale day on the supplementary sheet.

WOODBOURN SALE NOTES

IDENTIFICATION

All bulls will have ear tags with Lot numbers, an NLIS tag and a freeze brand. The tail tag number is MBLF0124.

National Vendor Declaration is at back of catalogue.

TRANSPORT

Woodbourn will arrange free delivery on bulls purchased at auction for \$3000 or more:

- Local area, if requested
- Tas - sea freight only to King Island and Flinders Island
- Victoria - Melbourne, Hamilton, Wodonga
- NSW - Albury, Dubbo
- SA - Mt Gambier
- WA - will pay \$500 towards freight of each bull purchased at auction for \$3000 or more for consignment to Western Australia.

AGENTS

Full list of agents at back of catalogue.

REBATE

A rebate of 4% will be paid to outside agents accompanying buyers on sale day, provided that they have nominated the buyer in writing 24 hours prior to the sale and settle on their behalf within 7 days of the sale. Unless otherwise agreed with the vendor, a rebate of 3% will be paid to outside agents who do not attend the sale, but nominate a buyer at least 24 hours prior to the sale and settle on the buyers behalf within 7 days. In all cases, the agent must be nominated on the Buyers Registration Form.

TRANSFERS

All animals sold will be transferred on request.

REFERENCE SIRES

Details of reference sires at back of catalogue.

SALE DAY

AGENTS

Roberts Limited:

Auctioneer: Warren Johnston 0419 326 348

Tim Woodham: 0418 323 425

David Bennett: 0439 632 374

Jock Gibson: 0418 133 595

Elders:

Crighton Horton: 0408 834 652

Daniel Morice: 0409 170 419

HEALTH AND SAFETY

Under normal conditions our bulls are placid and quiet, however care must be taken when inspecting bulls as crowd pressure can alter their behaviour. Please do not crowd the bulls and ask for assistance if you would like a closer inspection. Visitors enter the pens at their own risk. Children must not enter the pens at any time.

SALE AGENTS' REBATE

A rebate of 4% will be paid to outside agents. Details in sale notes.

—◆◆◆—
Inspection from 9.30 am
Complimentary morning tea
Sale starts at 10.45am
—◆◆◆—

CONDITIONS OF SALE

These are as displayed by the agents on sale day.

GST

The cattle are sold GST exclusive and will be invoiced with GST included.

DELIVERY INSTRUCTIONS

Full freight details on Sale notes pages. Please fill out the Buyers Instructions Slip at the back of the catalogue. Verbal instructions cannot be accepted.

INSURANCE

Insurance risk of stud animals sold at auction transfers to the purchaser at the fall of the hammer, including animals that remain on the vendor's property. Purchasers are therefore advised to insure their animals at the completion of the sale. Stud animals are not covered by commercial livestock insurance. We recommend Roberts Insurance who will be in attendance on sale day.

SALE CATALOGUE DISCLAIMER

All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor or the selling agents make no other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information.

WOODBOURN
*ensures the buyer receives
a sound, healthy bull in working condition.*

- ✓ Fully guaranteed
- ✓ Semen tested
- ✓ BVDV ear notched with all results negative and vaccinated against BVDV (no PI's)
- ✓ Vet checked for fertility and structure
- ✓ Inoculated against Vibriosis and Leptospirosis
- ✓ Vaccinated against 7-in-1
- ✓ Checked for temperament
- ✓ Weighed at birth
- ✓ Scanned for carcass data
- ✓ Have full Breedplan figures
- ✓ MN3 status as part of the Johnes market Assurance Program
- ✓ Delivered free throughout the state and to Melbourne, Hamilton, Albury, Dubbo. (Conditions apply)
- ✓ Frame scores between 5.5 and 7.

MISSION STATEMENT

Woodbourn strives to source and make available, superior genetics to maximise profitability for its clients in an atmosphere of trust, reliability and good humour.

Woodbourn aims to maximise the reproductive integrity and health of their stock by adopting the STAR program – this is **Steps Taken Against Reproductive** disease.

Each STAR animal in this catalogue has been-

1. tested to show that they are not Bovine Viral Diarrhoea Virus Persistently Infected animals
2. vaccinated against BVDV to ensure they are immune to the effects of this infection
3. vaccinated against Leptospirosis, a potential reproductive and OH&S risk for cattle handlers
4. vaccinated against vibriosis, a sexually transmitted cattle disease
5. given two vaccinations to ensure they have immunity established prior to leaving these premises.

You can be confident that every step has been taken by Woodbourn to ensure that these animals presented for sale will not introduce preventable reproductive diseases into your herd.

Zoetis Tasmanian contact: Mr Phil Jarvie 0418 557 211

Scrotal: 39cm

Traits Observed: BWT,200WT,400WT(x2),FAT,EMA,IMF

An outstanding young bull with a great outlook, length of carcase and butt shape, standing on very good feet. Smooth in the shoulders, length of neck and a very good Angus head. This bull would be a very good choice for both cows and heifers with average birth, high growth and milk with excellent EMA. By the outstanding Koojan Hills Design A28.

Scrotal: 43cm

Traits Observed: BWT,200WT,400WT(x2),FAT,EMA,IMF

A very appealing young bull with length, depth and smoothness of shoulder. With this smoothness and length (and small head) combined with exceptionally good figures, he would be ideal for heifer joining. His sire, Koojan Hills Design A28, has one of the lowest birth weights in the breed. A heifer bull.

Lot 11 - Woodbourn Direction H188

Windmills were designed to accomplish one goal.

To pump water by harnessing the wind's natural energy. This provided a source of fresh water from dams, wells, bores and even Australia's Great Artesian Basin. 135 years on, it still remains an efficient and reliable pumping machine. And for over 100 years, we've put our energy into accomplishing one goal too. We're an agribusiness bank. That means we provide loans for property purchase, refinancing and working capital, both on and off farm, for producers like you. This exclusive focus enables us to help your business meet your ambitions and secure your long-term future.

Rabobank. One focus.

BVDV *it only takes one*

It only takes one persistently infected (PI) animal in direct contact with an uninfected herd to be a major biosecurity risk.

BVDV causes:

- Reproductive losses
- Productivity losses
- Losses from other disease complications, such as bovine respiratory disease

Your veterinarian can work with you to develop a management and vaccination program to improve the ongoing profitability of your operation.

Pestigard®
Protects herd health

Bull Reveal

The purchase of a new sire is a big investment and it is important that all due care is taken to settle the bull in and to keep him healthy, sound and doing the right job for you.

The following points are suggestions on how to achieve this goal:

- ✓ **When your bull arrives, have another animal in the yards to welcome him and keep him company. This is the most important thing of all these points.**
- ✓ Get him out of the yards as soon as possible, as he will probably be tired and footsore from the trip and he will want to lie down under a tree for a spell with his new mate.
- ✓ Do not leave the bull in the yards for a long period, as this will upset him and could change his attitude.
- ✓ Put him in a nice paddock with good grass, clean water and good drainage. Not in a boggy paddock.
- ✓ Introduce him to other bulls gradually, one at a time.
- ✓ Do not just throw your new bull in with a big group of bulls and hope for the best.
- ✓ Do not leave your bulls in the paddock where they become the 'forgotten animals'.
- ✓ Drench the bull whenever you have him in your yards.
- ✓ When joining cows:
 - Observe the bull closely, check him often
 - Rotate your bulls between mobs
 - Write down joining dates of each bull as a reference

Remember this is an investment and it is important to take good care.

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- (c) A buyer is bound by these terms and conditions by bidding at auction.
2. In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
- (b) When used in these terms the expressions "company animals" means all animals originating from the same property on a particular day. Where lots are split or sent to multiple establishments, then all of these animals shall be regarded as companions.
3. The following applies in interpreting these terms and conditions:
 - (a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;

Livestock means animals auctioned pursuant to these terms and conditions; and

Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions

 - (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
 - (ii) plus any GST added in accordance with clause 12.
 - (b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
7. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.
9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.
10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
 - (a) the purchaser's name; or
 - (b) the bid card number which identifies the purchaser; or
 - (c) the name of the person on whose behalf the successful bid was made; and
 - (d) the Property Identification Code (known as the "PIC") of destination.
12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.
13. As soon as practicable after the fall of the hammer, the buyer shall if requested by the agent, sign the agreement for sale.
14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.
17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
- (b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
- (c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.
18. (a) Subject to this clause the sale is complete on the fall of the hammer.
- (b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:
 - (i) delivery is taken by a representative of the buyer;
 - (ii) departure of the animal from the purchaser's delivery pen; or
 - (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.
- (c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
- (d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
- (e) This sub-clause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's delivery pen and on to the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.
19. (a) Subject to the right of rejection in clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.
- (b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No

objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

- (c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.
- (d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
- (e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
- (f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by pre-sale catalogue and/or announce the status prior to the offering of those lots.
20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:
 - (a) does not acquire title to the livestock;
 - (b) holds the livestock as bailee only for the vendor;
 - (c) must act in a fiduciary capacity in its relationship with the vendor;
 - (d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
 - (e) is responsible for the safety and well being of the livestock;
 - (f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
 - (g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.
21. In addition to clause 20, if payment is not made according to clause 15, but delivery has been made to, or possession obtained by, the buyer or its representative:
 - (a) The vendor or its agent may repossess and resell the livestock and enter property owned or occupied by the buyer or its representative if necessary to do so; and
 - (b) Interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.
22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
- 23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the *de creder* agent of the vendor at law.
- 23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.
- 23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.6 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
- 23.4. Title to the livestock does not pass to the agent or a nominee of the agent unless the agent, by written notice to the vendor, notifies the vendor that it is to be transferred to the agent or a nominee of the agent.
- 23.5. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
 - (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
 - (b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
- 23.6. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
- 23.7. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
 - (a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
 - (b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.
- 23.8. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.
- 23.9. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
 - (a) by this clause 23, other than as it expressly provides; or
 - (b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.
- 23.10. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.
24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.
- (b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.
- (c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.
25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.
- (b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE - VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPPC Processor levy.
27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:
 - (a) pass DAFF and other regulatory authority requirements and inspections at the time of slaughter; (DAFF refers to the Federal Government Department of Agriculture, Fisheries and Forestry)
 - (b) are of merchantable quality;
 - (c) carry an NLIS device in accordance with State law;
 - (d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the NVD, the livestock will have those characteristics or will be fit for the particular purpose or market; and
 - (e) all information in any NVD provided by the vendor is true, complete and correct in all material respects.
28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such the vendor's livestock to which the breach applies.
29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:
 - (a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
 - (b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law, or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:
 - (a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
 - (b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
 - (c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPPC Processor levy.
34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by DAFF. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the DAFF certificate, existed prior to the fall of the hammer.
35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:
 - (a) a certificate is issued by DAFF which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
 - (b) the certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and
 - (c) if the condemnation is due to chemical residue the certificate follows testing in a DAFF approved laboratory which establishes maximum residue limits in excess of the Australian limit.
37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following:
 - (a) bruising,
 - (b) fever,
 - (c) partial condemnation, or
 - (d) emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY STATE LEGISLATION

NSW Legislation

Property, Stock and Business Agents Act 2002 Warnings

Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- (i) to abstain from bidding; or
- (ii) to bid to a limited extent only; or
- (iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices.

The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmanian Legislation

An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or to do any other thing which may prevent free and open competition.

Western Australian Legislation

Auction Sales Act 1973 s31 NOTICE. It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- (ii) abstain or agree to abstain from bidding as a result of such a promise;
- (iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
- (iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- (v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.

For Cricket Lovers

Q. What do you get if you cross the English cricket team with an OXO cube?
A. A laughing stock.

Q. What's the height of optimism?
A. English batsman putting on sunscreen.

Q. What's the difference between an English batsman and a Formula 1 car?
A. Nothing! If you blink you'll miss them both.

Q. What do English batsmen and drug addicts have in common?
A. Both spend most of their time wondering where their next score will come from.

Q. What does an English batsman who is playing in The Ashes have in common with Michael Jackson?
A. They both wore gloves for no apparent reason.

Q. What is the difference between Cinderella and the Pommies?
A. Cinderella knew when to leave the ball.

Q. What's the difference between the Pommies and a funeral director?
A. A funeral director isn't going to lose the ashes.
