WOODBOURN MURRAY GREY SALE

A.B.N. 87 605 256 807

Thirty Ninth Annual Production Sale

Monday 7th May 2018
at 12 noon

Offering
33 Bulls • 32 Females

On Sunday 6th May, from 2pm until 4pm the sale animals will be available for viewing in their paddock, which can be driven over.

HOW TO GET THERE (Woodbourn is 20 minutes from Launceston Airport)
Address: Woodbourn, 390 Saundridge Road Cressy, Tasmania

From the north, north west and north east
Get to Longford and travel due south through to Cressy (10kms). Turn right between the church and the school and travel 2 kms. Turn left and travel for 3kms. Sale is on your right.

From the South

Get to Epping Forest and continue 10km to Powranna where the sign directs you to Cressy. Continue on this road (21 kms) to a T section. Turn right to Cressy and then left between the church and the school in the Cressy township. Proceed 2kms, turn left and travel 3kms. Sale is on the right.

Charles and Janet Wallace

**49 years of breeding
Murray Greys**

SALE DAY

AGENTS

Guest Auctioneer: Mr Crichton Horton **Full list of agents at the end of the catalogue**

SAFETY

Under normal conditions our bulls are placid and quiet, however care must be taken when inspecting bulls as crowd pressure can alter their behaviour. Please do not crowd the bulls and ask for assistance if you would like a closer inspection. Visitors enter the pens at their own risk. Children must not enter the pens at any time.

SALE AGENTS' REBATE:

A rebate of 2% and 4% will be paid to outside agents. Details in sale notes on page 5.

SUPPLEMENTARY SHEETS

On sale day supplementary sheets will have weights, frame scores and scrotals.

GST

The cattle are sold GST exclusive and will be invoiced with GST included.

DELIVERY INSTRUCTIONS

Full freight details on Sale notes page 5. Please fill out the Buyers Instructions Slip at the back of the catalogue. Verbal instructions cannot be accepted.

INSURANCE

Insurance risk of stud animals sold at auction transfers to the purchaser at the fall of the hammer, including animals that remain on the vendor's property. Purchasers are therefore advised to insure their animals at the completion of the sale. Stud animals are not covered by commercial livestock insurance.

We recommend Roberts Insurance and Bob Kerr of Steadfast Insurance, who will be in attendance on sale day.

Inspection from 10.00 am • Morning Tea and Lunch Provided • Sale starts at 12 noon

All cattle on offer are:

- ✓ ALL CATTLE ARE RAISED ON GRASS AND SILAGE WITH NO GRAIN OR PELLETS
- ✓ BREEDPLAN RECORDED
- ✓ DELIVERED FREE IN TASMANIA
- ✓ FREIGHT ASSISTED ACROSS ALL STATES
- ✓ ELIGIBLE FOR ENTRY TO ALL STATES
- ✓ SCANNED FOR CARCASE TRAITS
- ✓ SEMEN TESTED
- ✓ CA FREE
- ✓ BVDV TESTED -NO PI'S
- ✓ GUARANTEED
- ✓ QUALITY ASSURED CATALOGUE
- ✓ VACCINATED AGAINST VIBRIOSIS AND LEPTOSPIROSIS
- ✓ 7-IN-1 VACCINATED
- ✓ ALL REGISTERED ANIMALS WILL BE TRANSFERRED ON REQUEST

WELCOME

Welcome to you all, to the 38th Woodbourn Murray Grey Sale.

It is with great pleasure that we present a wonderful line of bulls and females to you.

I have made comments on each of the bulls and mature females and with such an even line of cattle it is no easy task. I look forward to your viewing them and seeing for yourself the quality offering of this year's sale team. The cattle are prepared for sale on a grazing regime, with no grain or pellets given. Please read the extensive record of health measures we have taken to present healthy cattle fit for use. The generous freight offers need your attention as well.

You will notice at the end of the catalogue, there is a page of our farming enterprises, all of which we enjoy and we love the productivity and challenge of producing well each year. These sentiments were encapsulated in an article I read in the Weekly times a short while ago and I wanted to share it with you, as Janet and I realise it describes you all.

"Every day across the country, thousands of people head out to make a living as farmers.....They survive fluctuating prices, the vagaries of the weather, fickle consumer demands and volatile markets. It is a landscape few business people would dare to take on... only for the bravest of souls.

It takes ingenuity, foresight and gut instinct. It takes outstanding individuals, families, friends and business partners all with a common goal."

Well done to all of you.

We enjoy and would like to thank our energetic young work force, led by our son in law, Lauchie Cole, with Ben Lane and Matthew Hayward. Also, thankyou to our vet, Paul Nilon and Robertson Livestock Services for semen collection and testing, and Roger Evans from NSW for his efforts in scanning.

As you will probably know by now, we present the cattle in pens for inspection on sale day and then they remain in those pens while we run the auction using a projector and large screens in the sale barn. If for any reason you cannot attend the sale, you are welcome to contact me or one of the agents at any time from now until the sale, to describe the bulls, take more photos or discuss the animals with you and then you can bid by phone on the day...everyone will be in the same situation, as the animals are not in the ring.

My thanks again for your interest and I wish you well with any Woodbourn animals you may take home.

Charles

WOODBOURN SALE NOTES

GUARANTEE

All bulls are guaranteed. In the unlikely event of a bull becoming infertile or incapable of natural service, within two years of the sale date, the vendor will offer to supply a suitable replacement, as quickly as possible, if available, or credit the purchase price, less salvage value of the bull, to be used at the next sale, on one animal. This is on the provision that the problem was not caused by injury or disease contracted after delivery. The guarantee covers the purchase price of the bull, less salvage, without interest, costs or damages. This guarantee is reduced by one third of the purchase price for each season of service from sale date. Any claim must be accompanied by a relevant veterinary certificate.

Insurance is your responsibility, and we strongly recommend that you act on it.

REMEMBER: "If it's our problem, we fix it".

We strongly recommend that you observe your new bull when he is first introduced to the cows and if you have any concerns, please do not hesitate to contact us.

HEALTH

All bulls offered in this sale:

- All bulls have been semen tested.
- Have been vaccinated 7-in-1 and inoculated against BVDV, Leptospirosis, and Vibriosis.
- Annual vaccinations with these four vaccines are recommended for continual immunity.
- Have been ear notched and tested for BVDV. No PI's in the sale.
- Have been DNA profiled with sire verification recorded and found to be correct, except for those nominated as commercial in their lot.
- It is also recommended that before any male calves are used in a registered herd, they have their DNA recorded and verified.
- All bulls are registered unless otherwise noted.

Adult Females and calves offered in the sale are:

- Vaccinated 7 in 1
- Calves at foot are vaccinated 7 in 1
- Adults have been inoculated against BVDV, ear notched and tested for BVDV. No PI's
- Adults have been internally examined and found to be sound for breeding.
- Guaranteed fertile and to breed under normal circumstances
- Have been pregnancy tested with results on each lot

INSPECTIONS

Sale cattle will be available for inspection from 10.00am on sale day. Inspection prior to the sale may be arranged with the vendor, and Open Day paddock drive 2-4pm Sunday 6th May.

GROUP BREEDPLAN

Woodbourn Murray Greys are Group Breedplan evaluated on Murray Grey Group Breedplan. All cattle have been weighed at birth and the milestones dates that follow, and have been scanned for carcase data and Group Breedplan evaluated for Birthweight, Milk, Growth and Carcase traits.

Murray Grey Group Breedplan cannot be compared to other breeds, only within the breed.

IDENTIFICATION

All cattle will have ear tags with Lot numbers and an NLIS tag.

The property ID number is MBLF0124. National Vendor Declaration is at back of catalogue.

J-BAS 8

Woodbourn is an J-BAS 8 herd.

WOODBOURN SALE NOTES

TRANSPORT

Woodbourn will arrange free delivery on bulls purchased at auction for more than \$4000 and on females purchased at auction for more than \$3000 to:

- ✓ Victoria - Melbourne, Hamilton, Wodonga.
- ✓ NSW - Albury, Dubbo
- ✓ SA - Adelaide
- ✓ Local area, if requested. Cattle sold within Tasmanian mainland will be delivered free of charge.
- ✓ Tas - sea freight only to King Island and Flinders Island

Free freight to the mainland is dependent on all mainland cattle moving as one, as has been the case for many years.

REFERENCE SIRES

Details of reference sires at back of catalogue.

ROTATE YOUR BULLS

If joining females with single bulls, it is well advised to change bulls around the mobs. This will alleviate dry cows, if a bull is not working. Even though the bulls are semen tested, injuries can occur and can prevent joining. Note the date the bulls are rotated.

REBATE

A rebate of 4% will be paid to outside agents accompanying buyers on sale day, provided that they have nominated the buyer in writing 24 hours prior to the sale and settle on their behalf within 7 days of the sale. Unless otherwise agreed with the vendor, a rebate of 2% will be paid to outside agents who do not attend the sale, but nominate a buyer at least 24 hours prior to the sale and settle on the buyers behalf within 7 days. In all cases the agent must be nominated on the Buyers Registration Form.

STUD BOOK REGISTRATION TRANSFERS

All animals sold, except the commercial females, can have stud book registration transfers on request.

Transfers will not be issued on any animal under \$2500.

33 Bulls for Stud and Commercial Use

We are absolutely delighted with the quality of the bulls we are offering. They are the most even line of bulls we have presented, from the first lot to the last. Their good feet, length, tight sheaths, softness and muscling, as a group are outstanding. When cataloguing, our agent found it very difficult to differentiate between these bulls as they are all structurally very sound and very even. Just as making individual comments on these bulls is very hard.

LOT 1 WOODBOURN MOMENTUM M86 (PB)

Born: 07/09/2016

Colour: Silver

Tattoo: 4W M86

Genetic Conditions: CAI AMU NHU

WOODBOURN FRANCO F17 (PB)

Sire: BIG PARK KING ISLAND (PB)

BIG PARK ETNA C9 (PB)

JYNDARRA WARRIOR W3 (PB) (AI)

Dam: WOODBOURN MISS JEANETTE A66 (PB)

WOODBOURN JEANETTE P37 (PB)

NOTES: A very good bull to start the sale. Great outlook, length, thickness with heaps of softness. This bull moves very freely and certainly deserves his place at the front of the catalogue. A smooth shouldered bull that would be suitable for joining heifers with his low Breedplan birth figure. Very good milk numbers for a self replacing herd.

BYRONFIELD D4 (PB) (AI) (ET)

Dam: MELALEUCA ARTILLARY A16 (PB)
WOODBOURN MISS BARBARA E41 (PB)
WOODBOURN BARBARA A49 (PB)

NOTES: Please note the age of this exceptional young bull. The youngest in the draft and holding his own against older bulls. Like all the Woodbourn bulls, he is a very typey Murray Grey with lots of length, thickness of hindquarter, smooth shoulders and softness. A very good calf who will grow on to be a superior animal.

LOT 22 WOODBOURN MILITARY M81 (PB)

Born: 03/09/2016

Colour: Silver

Tattoo: 4W M81

Genetic Conditions: CAI AMU NHU

Sire: **BIG PARK KING ISLAND (PB)**
WOODBOURN FRANCO F17 (PB)
BIG PARK ETNA C9 (PB)

Dam: **WOODBOURN MISS AGNES G42 (PB)**
ONWARD JEREMIAH (PB)
WOODBOURN AGNES A44 (PB)

NOTES: As with a lot of the bulls this year, this low birth weight bull with smooth well laid in shoulders, would be ideal for heifers. The added advantage here is the good growth and exceptional carcass figures with great indexes. He is a lovely dark silver bull with that typical Woodbourn softness and appeal. Outstanding loin and butt development.

LOT 37 WOODBOURN MISS SYBIL J102 (PB)

Born: 11/09/2013

Colour: Silver

Tattoo: 4W J102

Genetic Conditions: CAI AMU NHU

Sire: **KELSO CRACKER C17 (PB)**
KELSO YOGO Y13 (PB) (AI)
LINDSAY DONNA Z13 (GR2)

Dam: **WOODBOURN MISS SYBIL D36 (PB)**
MONTEREY TALENT SCOUT A316 (PB) (ET)
WOODBOURN MISS SYBIL V58 (PB)

NOTES: Woodbourn Miss Sybil J102. Exceptional cow by Kelso Cracker. A typical Kelso female with very low birth weight, high growth and huge milk to suit self replacing herds. Her indexes are well above average. Joined to very successful new bull, Ayr Park Hugh H77, I am sure the resultant calf will be very good. Silver female calf at foot, Woodbourn Miss Sybil N94, born 05/09/17, tattoo: 4W N94, sire Melaleuca Ghandi G112. Depastured with Ayr Park Hugh H77 from 13/10/17 until 02/01/18. PTIC

Stud and Commercial 'M' Heifers

Again we present a very good group of young females. This 'M' drop of females has continued to impress since they were weaned. As a group they are very feminine and soft and they are in calf to our best low birth weight junior bulls this year. I suggest you check their figures and the figures of their sires, for a complete run down of each animal.

New Sire at Woodbourn

This is one of the most exciting bulls we have brought into the Woodbourn herd. His length, thickness, lower thigh, mobility and overall sire's outlook are all outstanding. Please note his exceptional Breedplan figures.

Sire: KELSO CRACKER C17 (PB)
WOODBOURN F18 HORNET (PB)
WOODBOURN MISS ROSIE C95 (PB)

NOTES: From the day this bull was born, Midnight was always exceptional. His structural correctness, length and depth always had him standing out in a mob. He has grown into a very large, structurally correct bull with great scale and flair. Rarely do you find a bull with below breed average birth and strong above breed average 600day and milk figures. His indexes are quite outstanding.

Our Protector near our BBQ

Aussie Barbecue Joke

When a man volunteers to do the Barbecue, usually on a Saturday, the following chain of events is put into motion:

Barbecue Routine

- 1) The woman buys the food.
- 2) The woman makes the salad, prepares the vegetables, and makes dessert.
- 3) The woman prepares the meat for cooking, places it on a tray along with the necessary cooking utensils and sauces, and takes it to the man who is lounging beside the grill - beer in hand.

Here comes the important part:

- 4) THE MAN PLACES THE MEAT ON THE GRILL.

More routine....

- 5) The woman goes inside to organise the plates and cutlery.
- 6) The woman comes out to tell the man that the meat is burning. He thanks her and asks if she will bring another beer while he deals with the situation.

Important again:

- 7) THE MAN TAKES THE MEAT OFF THE GRILL AND HANDS IT TO THE WOMAN.

More routine....

- 8) The woman prepares the plates, salad, bread, utensils, napkins, sauces and brings them to the table.
- 9) After eating, the woman clears the table and does the dishes.

And most important of all:

- 10) Everyone PRAISES the MAN and THANKS HIM for his cooking efforts.
- 11) They tell good old Aussie barbie jokes like:
Question: What do you call a boomerang that wont come back?
Answer: A stick.
- 12) The man asks the woman how she enjoyed 'her night off.' And, upon seeing her annoyed reaction, concludes that there's just no pleasing some women....

NATIONAL VENDOR DECLARATION (CATTLE) AND WAYBILL C0413 18613495

This form cannot be used where eligibility for the EU market is required.

Part A: To be completed by the owner or person who is responsible for the husbandry of the cattle.

Owner of cattle: WALLABORN P/L

Property/place where the journey commenced: WOODBOURN, 390 Sawndridge Rd, CRESSY TAS.

Property Identification Code (PIC) of this property: MBLF0124

Description of cattle

10	" " Female calves	
22	" " heifers	
95	Total	

Consigned to: YAD. BENNETT, ROBERTS LTD, PENRANCE, TASMANIA.

Destination (if different) of cattle: TASMANIA

MUS devices used on these cattle (number of ear tags): 75 Number of system devices: 75

Details of other statutory documents relating to this movement e.g. health statement

1. Have any of the cattle in this consignment ever in their lives been treated with a hormonal growth promotant (HGP)? (See a second document for mixed consignments.)
Yes ☐ No ☒ If Yes, give details: 74-YES 1-NO

2. Have the cattle in this consignment ever in their lives been fed feed containing animal fat?
Yes ☐ No ☒ (See Explanatory Notes)

3. Has the owner stated above owned these cattle since their birth?
Yes ☐ No ☒ If No, from what date were the cattle obtained or purchased?
(If purchased at different times, list the date corresponding to the date of the next entry in parentheses.)
A. less than 2 months ☐ B. 2-4 months ☐ C. 4-12 months ☐ D. more than 12 months ☒

4. In the past 60 days, have any of these cattle been fed by-product stockfeeds?
Yes ☐ No ☒ If Yes, detail in part of the Explanatory Statements, also when last fed and a copy of an analyst's report if available.

5. In the past 6 months have any of these animals been on a property listed on the ERF database or placed under any restrictions because of chemical residues?
Yes ☐ No ☒ If Yes, give details:

6. Are any of the cattle in this consignment still within a Withholding Period (WHP) or Export Slaughter Interval (ESI) as set by APVMA or SAPHESI, following treatment with any veterinary drug or chemical?
Yes ☐ No ☒ If Yes, give details: (show withholding periods in question 7)

7. In the past 60 days, have any of the cattle in this consignment consumed any material that was still within a withholding period when harvested, collected or first ground?
Yes ☐ No ☒ If Yes, give details: (show withholding periods in question 8)

8. In the past 42 days, were any of these cattle:
a) grazed in a spray risk area; or
b) fed fodder cut from a spray risk area? (See Explanatory Notes for definition of spray risk area.)
Yes ☐ No ☒ If Yes, Date sprayed: 7/5/2018

9. Additional information: (see requirements in Explanatory Notes for completing this document)

ABRI, Armidale NSW 2350.*

If you have any queries, please telephone 02 6771 5151.

*Charles and Janet Wallace
thank you for your support.*

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

- (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- (c) A buyer is bound by these terms and conditions by bidding at auction.
- (d) **Competition and Consumer Act (CCA) 2010**
It is unlawful for parties that are, or otherwise would be, in competition with each other to make, or give effect to, a contract, arrangement or understanding that contains a provision relating to:
i. price-fixing; or
ii. restricting outputs in the production and supply chain; or
iii. allocating customers, suppliers or territories; or
iv. bid-rigging; or
v. collusive bidding.

Large fines and other sanctions may be imposed for unlawful conduct. In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors and agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.

When used in these terms the expressions "company animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.

The following applies in interpreting these terms and conditions:

- (a) The following words have the following meanings:
Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent or the buyer.
Livestock means animals auctioned pursuant to these terms and conditions; and
Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions
- (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
(ii) plus any GST added in accordance with clause 12.

(b) These terms and conditions are subject to legislative or regulatory in the State in which the auction is conducted and the event of any conflict between the terms and conditions and the law of the State, these terms and conditions are in addition to, and do not derogate from, the doctrine and provisions of the law of the State in which the legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without prejudice to the bidder, the highest bid shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
7. Prior to the fall of the hammer the auctioneer shall announce the last bid and any further bid. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
- (a) the purchaser's name; or
(b) the bid card number which identifies the purchaser; or
(c) the name of the person on whose behalf the successful bid was made; and
(d) the Property Identification Code (known as the "PIC") of destination.

The auction shall be subject to the provisions of the GST Act which shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

13. The vendor warrants:

- (a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
(b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract including payment.

14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clause 20 to 23 apply.

16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.

- (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
(b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.

(c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.

18. The subject to this clause the sale is complete on the fall of the hammer.

- (a) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:
(i) delivery is taken by a representative of the buyer;
(ii) departure of the animal from the purchaser's delivery pen; or
(iii) one hour after the last animal is:

- a. in the case of pre-sale weighing, sold; or
b. in the case of post-sale weighing, weighed.

(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.

(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.

(e) This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and until the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This

subclause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, or description, number in or of any lots sold or otherwise.
(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information or legislative or regulatory information concerning the National Livestock Identification Scheme (NLIS) must be made by 5.00pm on the seventh day after the fall of the hammer. No objection, regulation or claim against the vendor or agent in respect of such error or misdescription can be made after that time.
(c) Any statements made by the vendor or the auctioneer whether in writing or orally, and whether or not the statements have been read out or scanned publicly shall mean and require only that a certificate in writing shall be signed by the vendor or the auctioneer, or the surgeon or certified scanner certifying that the said female has been tested for the presence of the virus and that the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.
(d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
(e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.
(f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLISERP database, the agent will inform the buyers by pre-sale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received by the buyer:

- (a) does not acquire title to the livestock;
(b) holds the livestock as bailee only for the vendor;
(c) must act in a fiduciary capacity in its relationship with the vendor;
(d) must store the stock separately from any other stock they are readily distinguishable from other livestock owned by the buyer;
(e) is responsible for the safety and well being of the livestock;
(f) may make a bona fide sale for market value only of all or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the agent or the vendor, however as between the vendor and buyer, the sale shall be made as between the vendor and the buyer; and
(g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. The purchaser agrees that:

- (a) Clause 20 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);
(b) The purchaser acknowledges the rights of the Seller (and/or the Agent if clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
(c) The livestock are collateral for the purpose of the PPSA;
(d) to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and
(e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract.

22. The buyer may not make any claim against the vendor for actions by the vendor or agent under clauses 20 to 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or on the part of the buyer, the agent or any person or entity arising from the actions of the buyer or the agent.

23. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the de facto agent of the vendor at law.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.5.

23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.

23.4. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:

- (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

23.5. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.5).

23.6. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:

- (a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

23.7. These terms and conditions do not render the agent liable to the buyer as vendor nor does the buyer to the agent for any right the buyer may have against the vendor or otherwise.

23.8. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:

- (a) by this clause 23, other than as it expressly provides; or
(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.

23.9. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is assigned to or in favour of the buyer or against any vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

24. The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount which the agent may debit that amount to an account held in the name of the vendor by the agent.

(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, deduct or deducting payments owed to it by the vendor, debit the amount of the commission and fees to be paid to the agent from the amount of the Price payable to the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of

engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or effectiveness of the sale ring, the saleyards and the surrounding environments.

(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the livestock in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE - VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. The warranty of the vendor is that livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct to the slaughterer are the livestock that they are slaughtered. This chapter does not apply if the buyer is a trader who purchases livestock to be sold to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:

- (a) pass government and other regulatory authority requirements and inspections at the time of slaughter;
(b) are of merchantable quality;
(c) carry an NLIS device in accordance with State law;
(d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
(e) any information or any document provided by the vendor is true, complete and correct in all material respects.

28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5.00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.

31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:

- (a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
(b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse to accept the livestock and send the livestock back to the consigning property at the vendor's cost.

32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

- (a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
(b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knows of the breach; and
(c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies to cattle and companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct to the slaughterer. This chapter does not apply if the buyer is a trader who purchases livestock to be sold to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by government. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the relevant government certificate, existed prior to the fall of the hammer of the animal.

35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:

- (a) a certificate by government which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
(b) the certificate is received by the selling agent either in its original form or by fax, or electronic, communication, in the form of data, text or imaging by e-mail on the 7th day after the fall of the hammer; and
(c) if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.

37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of bruising, fever, partial condemnation or emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY LEGISLATION

NW Property, Stock and Business Agents Act 2002 Warnings

Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- (i) to bid to a limited extent only; or
(ii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Unlawful Legislation. An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

WA Auction Sales Act 1972 s31 NOTICE

It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to abstain to take over a bid by buyer or to toss or draw lots to establish who is to become the owner;
(ii) abstain or agree to abstain from bidding as a result of such a promise;
(iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
(iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
(v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.
